

Ever hear "don't try to fix it if it's not broken?" FM isn't broke! All communities, not just my own, benefit from K-LOVE. This is the only christian station in our area that teen's (our future)listen to. I'm thrilled my teens & I can listen to the same station. I'm sure most teens listening to secular music can't say thier parents enjoy the same radio station, instead those teens are walking around with thier sony walkmans so they don't drive parents crazy with thier music. With all the negitivity in todays music,TV & stressful news, we need to listen to something positive & uplifting, something to smile about. Everywhere around us are gangs, murder, rape,teen pregnancy, kidnapping, divorce etc.. I don't want K-LOVE signal to be taken away and replaced by LPFM. Please don't take away something that draws family closer together and family to God. Thank you.
